

Strada Education Network is honored to serve as a longstanding partner and supporter of Big Brothers Big Sisters of Central Indiana. Strada Education Network is an Indianapolis-based non-profit and social impact organization focused on improving lives by catalyzing more direct and promising pathways between education and employment.

Our organization knows the power of mentoring. We understand that mentors in programs such as Big Brothers Big Sisters have a lasting impact in the lives of youth, including a significant positive impact on their educational success.

The Strada Big Potential Award is a multi-year scholarship with the goal to help not only with enrolling in post-secondary education but completing it. Strada Education Network is thrilled to provide our second annual Big Potential Award to Reis, a Little Brother in the program who displayed excellence in the areas of academic achievement, leadership, character, and personal growth. Reis has excelled in both academics and extracurricular activities while working and serving as a role model in his family. Reis is planning to attend Ball State University to study nursing or sports medicine. We are proud of what Reis has already accomplished and we look forward to witnessing his future success.

In partnership,

Michele Bogdajewicz
